HOURS A MONTH**

IN LABOR WHEN USING  
SUPERSOAK CONCENTRATE\*

Wash 2 pans using SuperSoak Concentrate in the time it takes to wash 1 pan without

### DIRECTIONS

1. Pour 1 bottle (3 gal./11.4 L) into soak tank filled with water (30 gal./114 L).
2. At closing, place pan, utensils, filters and equipment parts into tank. Completely cover with SuperSoak Solution. Let soak overnight.
3. At opening, remove items from tank; then, wash, rinse, and sanitize in a 3-compartment sink or warewash machine. Let air dry.

**NOTE:** Safe for use on aluminum, stainless steel, and other metal surfaces.

\* 15 hour savings based on washing an average of 25 pans per day
